## 7200-LM Bale Processors

**7200-LMH**

**7200-LM**

# Ultimate Speed & Versatility

Easily attaches to loaders  
& telehandlers

Saves thousands of dollars  
with greatly increased handling  
efficiency & processing times

**Can carry 3 bales at a time**

The side wall opposite the rotor can be  
lowered down to carry a third bale

**Self-loading bale lift  
with spears & optional forks**

Spear loading enables bales to be taken  
from the ground, stacks or pyramids  
without disturbing other bales.

**High side walls & skirting**

Contains loose hay, allowing for a clean  
operation when bedding from outside pens.

**Can feed into bunks  
or windrows**

Works great for spreading over gates &  
panels and into barns.

**Can process 6x6 round  
& large square bales**

**Can spread straw up to 70 feet**

# Models for All Applications

## 7200-LM

- Fully self-contained requiring no electrical or hydraulics from the loader
- 173 hp diesel engine delivers exceptional performance for high capacity

Wireless controls:

This allows for fast & easy hookup as well as the ability to operate the processor as a stand-alone unit.

## 7200-LMH

- Hydraulically driven from the wheel loader hydraulic system
- Requires min 35 gpm
- In-cab controls for all functions
- Simple design of few moving parts

## Efficient Processing

**Heavy Apron Table:** Large shafts & double bearings for machine longevity

**Few Moving Parts:** Hay is ejected directly from the rotor eliminating locations to potentially plug

**Patented Rotor:** Parallel running bars create separation for easy twine removal

# Specifications

## 7200-LM

Width	<b>120"</b>
Length	<b>102"</b>
Height	<b>84"</b>
Weight	<b>7,000 Lbs.</b>
Round Bale Capacity	<b>6x6</b>
Square Bale Capacity	<b>4x4x8</b>
Loader Min. Static Tipping Load	<b>23,000 lbs</b>
Loader Min. Hydraulic Flow	<b>NA</b>
Horsepower	<b>173 HP</b>
Bale Carrying Capacity	<b>3</b>

## 7200-LMH

Width	<b>98"</b>
Length	<b>102"</b>
Height	<b>84"</b>
Weight	<b>4,500 Lbs.</b>
Round Bale Capacity	<b>6x6</b>
Square Bale Capacity	<b>4x4x8</b>
Loader Min. Static Tipping Load	<b>15,000 lbs</b>
Loader Min. Hydraulic Flow	<b>35 GPM</b>
Horsepower	<b>NA</b>
Bale Carrying Capacity	<b>3</b>
