

7200 -LMH

LOADER MOUNTED BALE PROCESSOR

Fair
MANUFACTURING, INC.

www.fairmfg.com - (605) 653-3247

Ultimate Speed And Versatility Never Look Back Again!

Looking forward when loading and processing is much more comfortable for the operator and provides a significantly safer field of view.

Easily Attaches To Loaders And Telehandlers

Saves thousands of dollars with greatly increased handling efficiency & processing times

Can Carry 3 Bales At A Time

The side wall opposite the rotor can be lowered down to carry a third bale

High Side Walls & Skirting

Contains loose hay allowing for a clean operation when bedding from outside pens

Self-Loading Bale Lift With Spears Or Optional Forks

Spear loading enables bales to be taken from the ground, stacks, or pyramids without disturbing other bales

Can Feed Into Bunks Or Windrows

Works great for spreading over gates & panels and into barns.

Can Process 6x6 Round & Large Square Bales

Can Spread Straw Up To 70 Feet

Complete Control

Hydraulic Slug Bars

Hydraulic slug bars allow the operator complete control of grinding aggression. This feature greatly improves processing efficiency when using bales of differing condition and type

In-Cab Controls

Adjustable Speed

Bale rotation speed is also adjustable to accommodate different bale conditions as well as operator preference

Efficient Processing

Heavy Apron Table

The heavy duty apron table has large shafts and double bearings for a longer machine lifespan

Easy Twine Removal

The patented rotor has parallel running bars to create a separation for easy twine removal

Few Moving Parts

Few moving parts means hay is ejected directly from the rotor eliminating locations to potentially plug

7200-LMH SPECIFICATIONS

Width..... 98"
Length..... 102"
Height..... 84"
Weight..... 5,000 lbs
Round Bale Capacity..... 5 x 6
Square Bale Capacity..... 4 x 4 x 8
Loader Min. Static Tipping Load..... 16,000 lbs
Loader Min. Hydraulic Flow..... 35 GPM
Minimum PSI..... 3600
Bale Carrying Capacity..... 1-3
Driven from loader hydraulic system
